Is anyone having trouble dialing in? Are we still on for this call today?

That would work for us. Is there a call in number you'd like to use? The people cc'd on this email will be participating from EPA.

Thanks, Frank. I will be in touch about EPA's availability for a call (some of the necessary participants are not in this week for me to check their availability) but right now it looks like January 8 or 9 would work for us.

Lauren,

The Supervisor of the Town of Salina has asked that I forward to you a copy of the attached letter. As suggested by Supervisor Nicotra, I believe a telephone conference between EPA and Town representatives to discuss further the proposals set forth in the letter would be a good idea.

We can make the conference call arrangements through my office. If you have any questions, please feel free to contact me. Have a great holiday.

Frank
